

Internship Certificate

Nora Ekeblad, born on 15.09.1999, worked for us as an intern in the Game Design department from 29.08.2022 to 06.11.2022.

gameXcite GmbH is a development studio that specializes in the creation and distribution of computer games and other digital entertainment media. The company exists since 2014.

Ms. Ekeblad's responsibilities included...

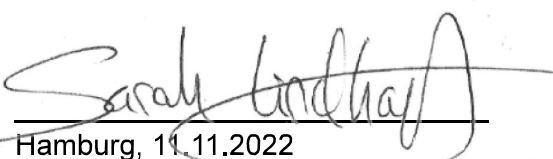

- ❖ Intensive collaboration on an upcoming Asterix Hero Collector:
 - Creating and maintaining Jira tasks
 - Creating and maintaining various Game Design Documents
 - Creating a style guide framework & maintaining the Interface section
 - Creating several mock-ups for general interface and UI flow
 - Creating and maintaining a game prototype in FIGMA for UI flow testing
 - Communication and coordination of the art department for Interface assets
 - Playtesting

Ms. Ekeblad worked in Game Design and supported the department by completing a variety of tasks. Due to her extensive knowledge of computer games and her quick comprehension, she was soon assigned more complex tasks, which she completed independently and on her own responsibility.

Ms. Ekeblad was characterized by exceptional reliability, efficiency, and the utmost diligence, and quickly familiarized herself with new tasks and projects. In addition, she had a very high work ethic and motivation, which she demonstrated at all times by taking on additional tasks on her own initiative - even outside of her usual activities.

During her employment with our company, Ms. Ekeblad continuously trained herself with great success and excellently implemented what she had learned. Her behavior towards superiors and colleagues was always impeccable. Ms. Ekeblad has always performed the tasks assigned to her to our highest possible satisfaction.

Ms. Ekeblad is leaving us at the end of her internship. We wish her all the best for her future career and would be pleased to work with her again in the future.

Hamburg, 11.11.2022

Sarah Lindhorst, Game Design Lead
